

# PING® JUNIOR COLOR CODE CHART

**Procedure:** Simply request the junior's height and wrist-to-floor measurements. Component recommendations can be made based on the chart below.

| HEIGHT<br>in (cm) | 52"<br>(132)         | 53"<br>(135) | 54"<br>(137) | 55"<br>(140) | 56"<br>(142) | 57"<br>(145) | 58"<br>(147) | 59"<br>(150) | 60"<br>(152) | 61"<br>(155) | 62"<br>(158) |
|-------------------|----------------------|--------------|--------------|--------------|--------------|--------------|--------------|--------------|--------------|--------------|--------------|
| WRIST<br>TO FLOOR |                      |              |              |              |              |              |              |              |              |              |              |
| 36" (91)          | Shaft Flex (Regular) |              |              |              |              |              |              |              |              |              |              |
| 35" (90)          |                      |              |              |              |              |              |              |              |              |              |              |
| 34" (86)          |                      |              |              |              |              |              |              |              |              |              |              |
| 33" (84)          |                      |              |              |              |              |              |              |              |              |              |              |
| 32" (81)          |                      |              |              |              |              |              |              |              |              |              |              |
| 31" (79)          |                      |              |              |              |              |              |              |              |              |              |              |
| 30" (76)          |                      |              |              |              |              |              |              |              |              |              |              |
